WORK EXPERIENCE

Joint Services

Junior Technical Consultant

01/10/2026 – Current

- Logistiqo Tirana, Albania

Junior Java Developer

04/08/2025 – 15/06/2026

Worked part-time in a hybrid role at **Logistiqo**, contributing to software development using **Java EE** and **React.js**. Supported the migration of application screens from **JSF/PrimeFaces** to a modern React-based frontend, while also developing requested features and fixing bugs based on customer needs. Gained practical experience in full-stack development, maintaining enterprise software, teamwork, code adaptation, and delivering improvements for real users.

EDUCATION AND TRAINING

02/10/2023 – 25/06/2026 Tirana, Albania

B.Sc. Software Engineering Epoka University

Studies focused on computer science and software engineering, with emphasis on **Java-based software development**. Main subjects included object-oriented programming, data structures and algorithms, databases, web development, operating systems, software testing, project management, artificial intelligence, data mining, and mathematics.
Developed practical skills in software analysis, system design, backend development, API implementation, debugging, testing, and database-driven applications, while also strengthening teamwork, communication, problem-solving, and project planning skills.

Final grade 4.0/4.0 | **Level in EQF** EQF level 6 | **Type of credits** ECTS | **Number of credits** 180

01/09/2020 – 31/05/2023 Berat, Albania

High School Gjimnazi "Babë Dudë Karbunara"

Graduated with an outstanding average grade of **9.94/10**, earning a **Gold Medal awarded by the Prime Minister of Albania** in recognition of academic excellence.

21/09/2026 – CURRENT

Machine Learning Specialization Holberton School Albania

A hands-on Machine Learning specialization covering **Data Analysis & Core Machine Learning, Deep Learning, and AI Agents & Generative AI**, with a focus on practical applications and building AI-driven solutions.

Field of study Machine Learning

24/08/2024 – 04/05/2025 Tirana, Albania

Java From Scratch Protik

Completed the **Java from Scratch** course, covering Java fundamentals, object-oriented programming, SQL databases, JDBC, Hibernate, JavaScript, and the Spring Framework. Strengthened practical skills in Java development,

debugging, problem-solving, teamwork, and building full-stack Java-based applications.

Level in EQF EQF level 5

11/12/2025 – 12/12/2025 Tirana, Albania

Fundamentals of Deep Learning Nvidia

Completed NVIDIA's **Fundamentals of Deep Learning** training, gaining a basic understanding of neural networks, model training, data preparation, and practical deep learning workflows using GPU-accelerated tools.

Level in EQF EQF level 4

SKILLS

SOFTWARE DEVELOPMENT

System and Software Design (Architectural and Detailed), Development, Testing and Deployment | Requirements engineering | Software Modeling & Design | Software testing | Agile development

ARTIFICIAL INTELLIGENCE

Artificial Intelligence | Machine Learning | Data Analytics & Data Mining | deep learning | computer vision | artificial neural networks

SOFT SKILLS

Teamwork | Communication | Collaboration | Leadership | Problem solving | Critical Thinking

PROGRAMMING

Java | C# | C++ | C | Python | TypeScript | JavaScript | PHP | Data Structures

BACKEND

Spring Boot | Java EE | REST | Hibernate | JPA | JDBC

FRONTEND

React.js | Angular | HTML | CSS

DATABASES

MySQL | PostgreSQL

TOOLS

Git | GitHub | Docker | Maven

LANGUAGE SKILLS

MOTHER TONGUE(S): Albanian

Other language(s):

English

Listening B2	**Spoken production** B2
Reading B2	**Spoken interaction** B2
Writing B2	

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

HONOURS AND AWARDS

25/06/2026 Epoka Univers

First-Ranked Software Engineering Graduate — 4.0/4.0 GPA, High Honors

Write here the description...Graduated with a **4.0/4.0 GPA and High Honors** from the Software Engineering program. Awarded the **Plaque Award**and **First Rank Award** in recognition of outstanding academic achievement and achieving the highest rank in the program.

19/12/2023 Prime Minister's Office, Republic of Albania

Gold Medal and Certificate for Excellent Academic Achievement in High School

PROJECTS

WorkNest – HR Management Platform

Developed a full-stack HR platform for managing employees, departments, attendance, leave requests, announcements, and company workflows. The system includes a web app for admins/managers and a mobile app for employees. Built with **Java/Spring Boot**, **PostgreSQL**, **React/Next.js**, **TypeScript**, and React Native.

BeLoyal - Loyalty Program Management Platform

Developed a loyalty platform for businesses to manage customers, points, rewards, coupons, and QR-code redemption. The system includes backend services and a mobile app for users to collect points and redeem benefits. Built with **Java/Spring Boot**, **Spring Security/JWT**, **MySQL**, **Redis**, **Flutter**, and **Dart**.
